The writer of the attached complaint is a Military Works servant at the Pumping Station at Turbanhalli. For medical attendance the staff there are dependent on an Assistant Surgeon appointed by the Mysore Durbar.

As the complainant alleges serious neglect on the part of the medical attendants, I suggest that the complaint be brought to the notice of the Mysore Durbar in order that they may enquire into the matter.

The patient herein referred to, was admitted into the Lady Curzon Hospital on the 5th instant, in a septic condition, which judging from the history and symptoms, was due to an abortion -

I am, however, unable to state whether or not her condition was due to neglect on the part of her medical attendants.

She is now quite well, and will leave hospital tomorrow.

Respected

Sir I beg to report to you the neglect my wife was Subject to when she had an abortion. From the Hospital assistant and Nurse: when she took bad I Sent for them to render her any assistance & aid but they appeared so indifferent and left for Bangalore. When they returned I again made an attempt to get them to my wifes bed side. but it was of no avail. They were too tired & would come later on. This took place at 8.30 a.m meanwhile my wife appeared to be sinking & lay pale & blue from Exhaustion, and it was only after 24 Hours the Nurse turned up at 6.30 P.m, but practically did nothing to relieve her. at 4 P.m the Hospital assistant visited her, and that was all. She became so ill that I was Compelled to remove her to the Lady Curzon Hospital. Simply because I could not get any aid from either of them out here. though they are paid by Government to attend to the Sick & Suffering at the pumping Station, but whether you are dying or in pain it is a matter of indifference to them P. T. O

a little Sympathy and Kindness is far from them
So I Submit this my report to you for Justice &

Sir,

With reference to the Senior Surgeon's Memo: 2431 dated 4.12.16 Communicated with your office No: 4781 dated 6.12.16. & received here on 6/12/16 Calling for explanation of alleged negligence of duty; — I beg to state that I saw the patient twice or thrice without being called at every time, and also sent the midwife daily to be informed with condition of the patient. With all my care about the patient I could not bring her round; because they did not take my treatment nor they followed my advices they had their own treatment; for which I am not responsible.

I treated successfully a similar case of inevitable abortion a month ago at Soldevanhalli pumping station without seeing the patient even for once, the midwife used to inform me at, enquiring about her; for they took my treatment agreeably.

SENIOR SURGEON

Also two cases of cross-birth & one of placenta previa; they were stinking, but got better under my treatment.

I came to know Mr Domingo's brother's wife was drenching the patient, perhaps she only treated her.

They were taking midwife & myself only to identify the discharges and for nothing else.

I could not go once when he called me to see the discharge as I was about to start to go to Bangalore on court duty; also once I delayed to go at his call for the same purpose, as I was then quite exhausted having (1) attended a difficult labour and just returned.

(2) Pain, suffering & risky conditions are immediately attended to by me at any moment whatever; for which searching enquiries may be made & ascertained.

In this connection I further beg to inform that most of the employes of the G. & M. Pumping Station are living in the village & not in the lines of the Station even though, I have seen & treated them at their houses when I was called to do so by the Superintendent without any contest.

Here with midwife's explanation is also enclosed for your kind perusal.
